What We Do Series — LADOT Transit Services

LADOT's Transit Grants Section, under the direction of Supervising Transportation Planner I Martha D'Andrea and Division Head Kari Derderian, is responsible for identifying and pursuing federal, state and local transit grant funding opportunities for LADOT's Transit Services Group. This section is also responsible for administering all transit grants to ensure that the City remains in compliance with often extensive federal and state grant funding requirements. Since its formation, the Transit Grants section has had oversight for approximately \$150 million in transit grants, including \$70 million in current, active transit grants. This extensive amount of grant funding has been critical to the growth of LADOT becoming the second largest public transit operator in Los Angeles County (next to Metro).

CD-4 Signal Turn-On

Former Councilmember Tom LaBonge and LADOT Senior Transportation Engineer Manoochehr Adhami, are joined by a young Angeleno to celebrate a new signal installation at Camarillo St. & Forman Ave. that took place last week.
